

PERSONAL PORTFOLIO WEBSITE

GitHub link - https://github.com/ssujay1810/Portfolio_website_PHP.git

1→ First any user can create their account using this page.

The image shows a 'CREATE AN ACCOUNT' form with the following elements:

- Header:** 'CREATE AN ACCOUNT' in bold, uppercase letters.
- Email Field:** A text input field containing 'sujayagrawal1810@gmail.com'. Below it, a small text line reads: 'We'll never share your email with anyone else.'
- Username Field:** A text input field containing 'sujay'.
- Password Field:** A text input field with a blue border and a blue outline, containing three dots '...'.
- Checkbox:** A checked checkbox with the label 'Check me out'.
- Signup Button:** A dark grey button with the text 'Signup' in white.
- Footer:** A link that reads 'Already have an account? [Login here](#)'.

2→ And after successfully creating an account, the user is redirected to login page and they can login with there credentials - user ID and password.

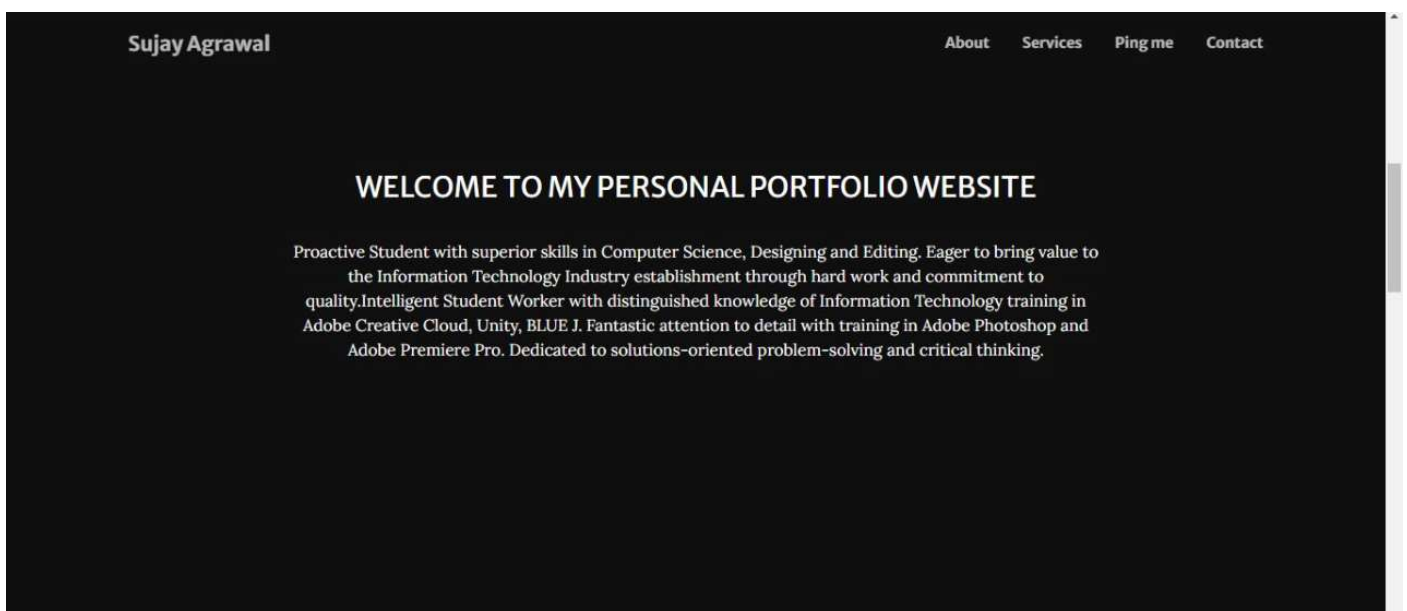

LOGIN HERE

☒ Check me out

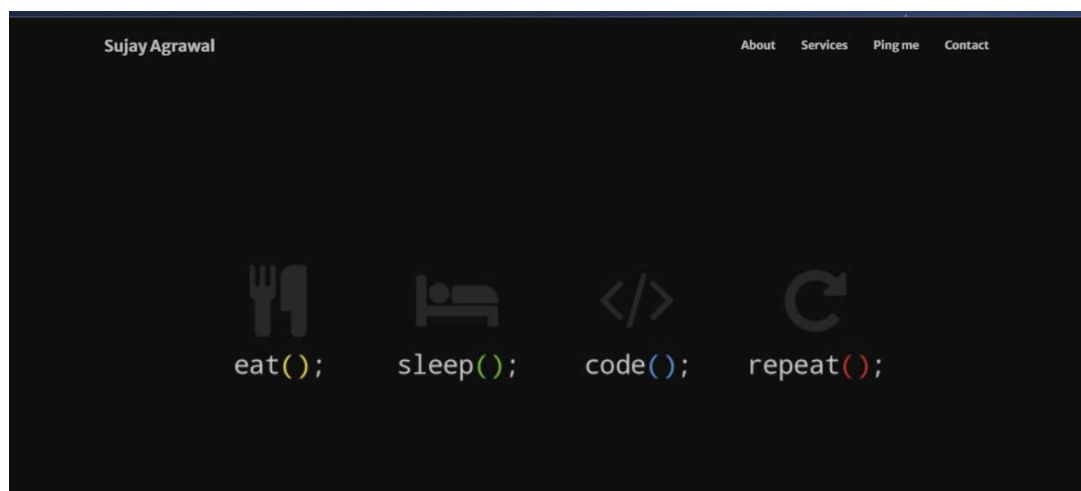

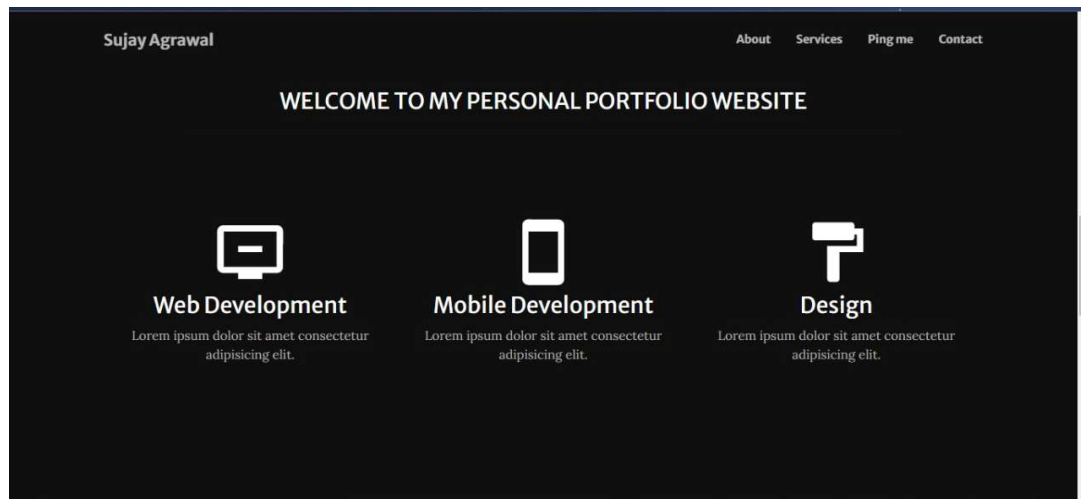

Login

Don't have an account? [Signup here](#)

3→ Then the user will be directed to the homepage which is the About me Section.

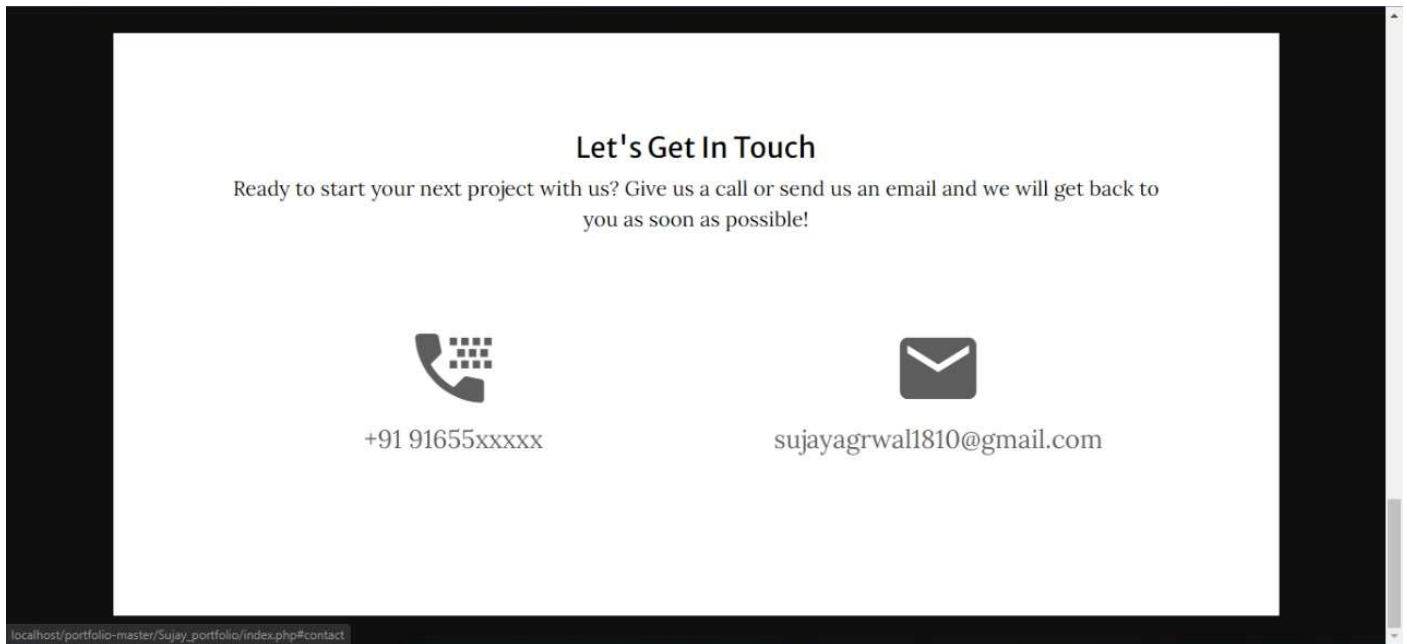

4→ Then the user will be directed to the next page which is the Service Section.

5→ Then the user can view the next page that is the feedback section where they can share their reviews, insights etc.

This screenshot shows a feedback form on the portfolio website. The header is consistent with the previous pages. The form is titled 'Enter Your Detail Here' and contains three input fields: 'Email address', 'Full Name', and a larger text area for 'Enter your query here'. A 'Submit' button is located at the bottom of the form. A small disclaimer, 'We'll never share your email with anyone else.', is placed below the email input field.

6→ Users can also contact me for any queries by scrolling down to the contact us section.

7→ The data of all the registered users is further stored into the database.
